

DEFENDERS OF USURY

An Editorial

The city of Edmonton is the only holder of bonds of the defaulting municipalities in British Columbia which has refused to accept the fair compromise arrangement proposed by the Government of that province. The information comes from Hon. A. Wells Gray, minister of municipal affairs, who stated in Vancouver that "ONLY ONE BOND-HOLDER HAS SO FAR REFUSED THE PROPOSED COMPROMISE—THE CITY OF EDMONTON SINKING FUND TRUSTEE BOARD."

The refusal on the part of Edmonton's representatives will make no difference in the event. With other creditors, Edmonton will have to accept the terms, under compulsion, since it will not do so voluntarily. But the refusal to accept voluntarily is an illustration of the attitude of Edmonton's council on the subject of money contracts, as it is in line with the course of the Government of Alberta from which the council derives its authority, and apparently also its ideas and leadership.

The council of Edmonton is and has been a "sound" money council, as the Government of Alberta is and has been a "sound" money Government. Neither of them have made any serious effort whatever to bring the debt charges of their taxpayers down into relation to the shrinkage that has occurred in taxpayer earnings. Edmonton's unemployed taxpayers still must be charged up against their property the good times interest rates to which they were committed when employment was plentiful and wages high. The bankrupt farmers of Alberta are still being charged with the rates at which provincial money was borrowed when farming was a profitable occupation.

In neither the one case nor the other has any effective measure been taken, but any resolute attempt made, to readjust the burden into keeping with the reduced ability of the taxpayer to bear it. Refusing to depart until it has to from the doctrine of "sacred" contracts and "sound" money in the cases of its debtors, is at least consistent with the whole course of conduct of Edmonton's council on the money issue, as it is with the course of the Government of Alberta.

The GOVERNMENT AND ITS SUPPORTERS VOTED DOWN IN THE LEGISLATURE MR. HOWSON'S PROPOSAL THAT IT ASK ITS BOND-HOLDERS TO ACCEPT A REDUCED RATE OF INTEREST FOR THE SAKE OF JUSTICE AND SOLVENCY. Edmonton's sinking fund board, acting on doubt on instructions of the city council, refused to accept voluntarily a just compromise which it will eventually have to accept, from debtors who cannot pay.

If Edmonton taxpayers want to prevent their homes being confiscated for usury they will HAVE TO PUT MEN INTO NEXT YEAR'S COUNCIL WHO WILL PROTECT THEIR RIGHTS TO REDUCED RATES OF INTEREST ON THEIR CITY BONDS. If Alberta farmers do not want to see their farms pass out of their possession they will have to put men in the next legislature who will demand and get reasonable interest rates OR USE THE TAXING POWERS THEY HAVE TO MAKE THE RATE A REASONABLE ONE.

regard to church and school accommodation. After all, exemptions from taxation constitute a bonus and to the extent of the exemption must be considered by the public at large. The only justification for exemption on the basis of the public benefit conferred being such as to justify exemption.

"That the recommendation contained in the report as to changes in the supplementary revenue act is adopted.

"That a scheme of refunding local debt charges at a lower rate of interest be seriously considered and if practicable be undertaken.

"That consideration be given to National Unemployment Insurance."

"That consideration be given to the issuance and use of credit for use in capital expenditures for public services.

"That consideration be given to tax against trucks and buses during inter-urban service, to encourage local revenue to come back to municipalities based on mileage traveled in the municipalities."

LARGE REVENUE

Dominion income tax law provided the second greatest income for Canada. City Solicitor, J. H. Garfield said, in his brief.

The theory underlying the brief, he said, "is that the various taxes levied by the Dominion government should be made for record but should be complementary to each other. By comparison the Dominion taxes are troubling us now each can be replaced. Change is necessary to prevent taxation methods, with more public credit Dominion and provincial control."

The cost of primary education has increased so much that the Dominion government, he felt, either make it or by assuming administration.

"The Dominion government has decided to invade the municipal field of taxation without giving any thought to the effect on the rate with the amount of revenue to be raised. A householders' tax in Medicine Hat, he said, had produced a revenue of \$40,000 last year and was assessed on the water and sewer bills.

"That would have the same effect as raising the utility rates," Aid J. H. Garfield said.

"Our utilities do give a good revenue and it is extremely a 'pay less method,'" Aid James East said.

The vehicles tax has been considered. Mayor D. K. Knott said, "I am sure that the revenue in the city while those from those places as Bellevue and other city streets every day, would go first."

Mr. Garfield said that the tax research board in the United States had found that the real property had proven a failed tax in the United States. He said, "The definition of real property in the States, however, meant all forms of property as opposed to the Dominion definition which referred to land. The Dominion tax is coming more and more to the income tax, he said.

He suggested that income tax collection be more strictly supervised by the Dominion.

DISTINCTIONS

"Many taxes which benefit all are paid by a few," Mr. Garfield said. "There should be a distinction between income earned by labor, intellectual or manual, and income earned by property."

"We can be an unjust in one case in the other," Aid J. H. Garfield said.

The two taxes which can not be passed on by the person assessed are the income tax and the property tax. The farmer's land tax, Mr. Garfield said, has been paid by the ultimate consumer of a product of the land.

While agreeing that all other taxes were paid by the ultimate consumer of a product of the land, Mr. Garfield said, "The income tax is the only tax which can not be passed on by the person assessed."

Mr. Garfield said that the Dominion tax was coming more and more to the income tax, he said.

He suggested that income tax collection be more strictly supervised by the Dominion.

LOSS TO TAXATION

Loss of taxation to the city also means loss of revenue to the city. It is contended.

With reference to taxation of real property, Mr. Garfield said, "The loss to the city is the loss of revenue to the city."

Mr. Garfield said that the Dominion tax was coming more and more to the income tax, he said.

D. L. Smith to Set up Sample Office in London to Aid Canada

WINNIPEG, Oct. 24.—David L. Smith, formerly general manager of the Canadian wheat pool, will leave for London at the end of the week where he will establish a sample market for Canadian grain. He has secured the interest of the Saskatchewan Wheat Pool in the project.

Mr. Smith said he was returning to Canada as a free agent. He will set up a grain agency and act as representative for export business. The agency, he said, would not be a part of any pool or organization.

Until recently Mr. Smith acted as general sales manager for the Saskatchewan Wheat Pool, a post he held for three years ago when the central selling agency of the Canadian Wheat Pool closed down.

Walks Out of Lineup to Aid Medical Aid, Handle of Kitchen Kiosk, Protruding From Forehead

NEW YORK, Oct. 25.—Joseph Fatigue, 25, was stabbed mysteriously as he exercised with 100 prisoners in a wing of Westport State Penitentiary Wednesday.

With the handle of a kitchen knife protruding from his forehead, the prisoner calmly stepped from the crowd and asked an attendant guard for medical attention.

Smoking a cigarette Fatigue said he felt no pain as the physicians sought unsuccessfully to remove the six inch blade. X-ray pictures showed it passed through the brain.

He was the most anxious to ever see, said Austin H. Macdonald, physician in charge of correction. "Fatigue has full possession of his faculties, and says he feels no pain," he said.

Fatigue insisted he did not know the identity of his assailant.

HIGH SCHOOL GRADERS BATTLE TO DRAW

MORE OPEN PLAY PLANNED IN INTERNATIONAL HOCKEY

CLEVELAND, Oct. 23.—Opening of play in games of the International Hockey League this winter was thought by officials of the circuit yesterday when it was decided in a meeting here to eliminate the awarding of points for the contests. In the future, two points will be given for a win and one for a tie. Four referees were chosen for the season. They are Moose Jamison of Cleveland, Mickey Igo of Brainerd, Ont., Guy Smith of Hamilton, Ont., and Stanley Jackson of Fort Erie.

KATMANS by BILL LEWIS

Just what hockey Edmontonians will have to satisfy their appetite this coming winter remains a matter of doubt. Guy Patrick, of Vancouver, brother of Frank and Lester, is certain there will be professional hockey in this city—or so he said when here yesterday. Guy believes Edmonton will have an entry again in the North American league with Vancouver, Seattle, Portland and possibly Calgary.

Rumor, too, says that Edmonton will have a pair of teams in the West—Vancouver and Seattle—both of which are expected to take with whatever amount of time it takes to get the teams into the city. Calgary's chances of entering, under entirely adverse conditions, to secure one of the areas there, according to Mr. Patrick.

Anyway, we can wait and see how it all turns out. It is possible, he said, that such a league can function but everyone will know a lot more about it when an actual announcement is forthcoming from the promoters.

The Calgary rink situation, by the way, is holding up plans of the amateurs to move next season. There was a strong rumor that a Calgary rink would be formed in the city, but, quite naturally, nothing can be done about this until it was known whether the western city would have an arena in which to stage the rink. It is expected that something definite will be done in regard to the Calgary rink for this winter.

Edmonton can certainly put two worthy amateur representatives in a league of the kind mentioned above but it would be almost foolhardy to attempt to carry on with four as has been done in the past. With the latest trend around four clubs, there is not enough good players to run one team to mention a real contender for championship honors.

Controversy continues to rage over the recent exhibition of a cross between the champion Ontario Terrors and St. Michael's of Vancouver. It would appear that amateur officials of the latter association has made a care mistake, for it is nothing short of ridiculous to regard a team of impressive champions like the Terrors and throw the way open for a couple of other teams to play for the

LEAF BOSSES ARE PLEASED WITH DRILLS

CALGARY, Oct. 23.—Manager Conny Smythe and Coach Dick Irwin yesterday declared themselves well pleased with the training results shown by the 23 players training here of the National Hockey League.

"Busher" Jackson and "Red" Horner have been the standouts so far, the officials say. The rest of the squad are doing great work.

The 23 players training here will be signed and from this 29 will be selected 14 as the new team.

The selections will be made after a series of exhibition games, next week. Smythe said practically all the regulars had signed and he expected to have the remainder of the team signed by the week-end.

Harder than ever in an effort to make the team, the officials seemed to be the first to get going. They made many drills. Coaches added 20 and 25 to the drills.

Peden and Partners Are Forced Back to Second Place in Race

TORONTO, Oct. 23.—Torchy Peden of Victoria, B.C., and his British Empire partner, Roy Coates of England, and Polly Parrott of Victoria were forced back into second place when the six-day bike race reached its third hour at one o'clock this morning, with the Canadian-United States team taking the lead.

Peden and his partners followed them in first place at one o'clock but the British Empire three-man team took it away after that and the Canadian-United States team, Reggie Fielding of Toronto, Freddie Oviatt of Detroit and Jimmy Walsh of New York, led the race.

The riders had travelled 1,560 miles at one o'clock. The British Empire team was tied for mileage and legs with the Holland riders, Van Kempen, Muller and Cliggett, but had the edge in sprint points.

COAST OFFER TO LACROSSE HEADS IS OUT

Dan MacKenzie Refuses to Accept Proceeds From Fifth Game

VANCOUVER, Oct. 23.—An offer of the Vancouver Service club, offering the post-season exhibition lacrosse series between Orlia Terrors and St. Helen's to turn over the proceeds of the fifth game to the Canadian Amateur Lacrosse association was rejected by Dan MacKenzie, C.A.L.A. president, D. Pratt, service club president, and yesterday.

Pratt stated that, early last week, he had written MacKenzie, secretary of the C.A.L.A., offering him of their co-operation in the exhibition series this year.

"A second meeting, I proposed that the proceeds be played under the supervision and control of the C.A.L.A. and that subject to the consent of the Orlia Lacrosse club, a sixth game be played in New Westminster with the Salmonbellies, the proceeds to go to the C.A.L.A. as that body saw fit."

The Orlia club expressed their unwillingness to play at New Westminster and complained of the treatment they claimed they had received from the president of the C.A.L.A. in not allowing them to play the fifth game in their home town, Pratt said.

MacKenzie then advised me that he was giving the press a statement that all players and officials taking part in the second game would be based by the C.A.L.A., he continued. "At that time, I again endeavored to reason with him, pointing out the cause for which we were working, and finally went so far as to offer him the fifth game of our series here, we having all our rights there. He refused and insisted that the game would have to be played in New Westminster."

LEDUC TO BOSS QUEBEC BEAVERS

QUEBEC, Oct. 23.—Lucien Gaudet, president of the Quebec Beavers, of the Canadian-American hockey league, announced last night that Albert Leduc has come to Quebec with the officials of the Beavers.

Leduc, who played many seasons for Canada, of the National hockey league and was loaned to Ottawa last season, will act as player-manager for Beavers. He succeeded Fiat Walsh.

MAJORS TRIUMPH
CALGARY, Oct. 23.—The remnants of Earl Mark's team of American league athletes defeated a Calgary team 4-3 here yesterday.

The Calgary team was led by the all-star team while the all-stars used local pitchers.

Rumor Edmontons Will Again Have Pro Hockey Club

Guy Patrick Says League Will Operate During Coming Winter

Edmonton will again be represented in the Northwest Professional Hockey League during the coming winter, according to Guy Patrick, of Vancouver, who was a city visitor yesterday.

Patrick, owner-manager of Vancouver's entry for the past two seasons, stated there will be at least four teams in the Northwest circuit this season, including Edmonton, Vancouver, Seattle and Portland. "There is also a possibility that Edmonton will have two teams in the league."

Just what possibilities Calgary has of being included in the circuit this winter Mr. Patrick did not definitely say but admitted the league chairman, were "very hopeful" of the southern city entering.

GOES TO CALGARY
He left for the south last night to discuss the proposal with Sam Timmins and Bud McFarland, who are interested in operating the Calgary franchise. According to the Coast magazine, the entire Calgary proposition centres around the ability of promoters to secure an arena there. If the rink is available, there will be a team in "Cowtown" and the league will have either five or six clubs.

While he said nothing definite about two teams here, a strong rumor that Edmonton would have two clubs if the league functioned again. It was confirmed that the clubs would be playing at home when the other was on the west.

JACOB BERWANGER IS BACK WITH CHICAGO GRID SQUAD

CHICAGO, Oct. 23.—On the broad shoulders of John Jacob Berwanger, mighty son of a mighty Dilligee, the University of Chicago is being carried back to football glory after years of discouraging defeats. This 20-year-old youth, six feet tall and weighing 185 pounds, probably is the greatest player that has trod Stagg field since the days of Walter Eckersall and Wally Pfeiffer. Berwanger can do almost anything needed to supply the winning punch to a football team.

HOCKEY STARS LEAVE OTTAWA FOR ST. LOUIS

Depart From Old Camp in the N.H.L. For New Station

OTTAWA, Oct. 23.—First move in the final departure of major league hockey from Ottawa came yesterday when eight players of St. Louis Eagles departed for the city which they will represent in the approaching National Hockey League campaign. Remainder of the squad that has done pre-season training here for the past two weeks, will leave tonight.

The three times-pure are "Nack" Smith, of Ottawa, and Snowden and Cronie of Calgary. "An" older year in senior hockey should do all the boys a world of good. Simpson stated, "and we will keep strings on them."

Simpson said he had practically decided on a defense of Alex Smith, last year with Boston Bruins. "Old" year in senior hockey should do all the boys a world of good. Simpson stated, "and we will keep strings on them."

A number of the veterans are sure of positions but from eight to ten of the squad will be turned out to finance operations.

COVILL'S PLEASE
Just returning from Winnipeg where he watched the amateurs perform in brother Lester New York's Ranger hockey school, Guy was highly enthusiastic over Edmonton's two Colville brothers, Neil and Mac. He says that they showed are prime material and he would like very much to have them on his club this winter.

AMATEUR PUCK STARS PLEASE JOE SIMPSON

OSHAWA, Ont., Oct. 23.—Three amateurs working out with New York Americans have impressed "Boss" Joe Simpson, manager, but he announced last night they would not be signed to play professional hockey this winter.

The three times-pure are "Nack" Smith, of Ottawa, and Snowden and Cronie of Calgary. "An" older year in senior hockey should do all the boys a world of good. Simpson stated, "and we will keep strings on them."
